

Car Booking Reservation System Using Zoho One (SaaS)

Aim

To create a **Car Booking Reservation System** using **Zoho One** as a cloud-based Software as a Service (SaaS) application.

Steps / Procedure

1. Log in to the **Zoho One** cloud platform.
2. Open **Zoho Creator** from the Zoho One applications.
3. Create a new application for the **Car Booking Reservation System**.
4. Create a new form named **Car Booking Reservation**.
5. Add the required fields:
 - From
 - To
 - Rental
 - Outstation
 - Package Type
 - Hours/Days
6. Configure the field types according to the data required.
7. Design and arrange the form for easy user interaction.
8. Save and publish the form.
9. Enter sample cab booking details into the form.
10. Submit the form and verify that the entered data is stored in the cloud.
11. Test the application by entering different booking details.
12. Verify that the **Car Booking Reservation System** works successfully as a SaaS application.

Implementation Input:

The screenshot shows the 'Book a Cab' form in the Creator app. The form is titled 'Book a Cab' and is located in the 'Dharani' workspace. The form fields are as follows:

- Customer Name * (First Name, Last Name)
- Employee ID *
- Email Id *
- Mobile Number * (+91 81234 56789)
- Gender * (Male, Female)
- Booking Date * (01-Oct-2026)
- Travel Date * (dd-MMM-yyyy)
- Pickup Time * (-Select-)
- Pickup Address * (Address Line 1, Address Line 2)

The form is displayed in a mobile view, with a sidebar on the left containing navigation options like Home, Contacts, To Do, Calendar, and Creator. The bottom bar shows the user's profile (PALERU DHA...) and various app icons.

Output:

The screenshot shows the 'Bookings' report in the Creator app. The report is titled 'Bookings' and is located in the 'Rakshitha' workspace. The report displays a list of bookings with columns for Customer Name, Employee ID, and Email Id. The data is as follows:

Customer Name	Employee ID	Email Id
Rakshitha jd	213	jd@rakshitha.com
Kai Azer	244	kai2@gmail.com
Aisha kumar	231	aishaa@gam

The report is displayed in a mobile view, with a sidebar on the left containing navigation options like Home, Contacts, To Do, Calendar, and Creator. The bottom bar shows the user's profile (J.D Rakshitha) and various app icons.

Result

Thus, a **Car Booking Reservation System** was successfully created using **Zoho One** and demonstrated as a **Software as a Service (SaaS)** application.
